

## Director, Manufacturing Operations

### Job Description

Trango Networks, LLC is searching for motivated team members to help build and deliver our next generation world class wireless and fiber connectivity solutions! In this role you will be responsible for production planning and purchasing of raw materials from our suppliers, with responsibility for ensuring products are built on time within budget. This position is located in Random Lake Wisconsin.

- Manage planning of production builds in factory
- Assign work schedule for production team members
- Create and manage factory work orders for products based on sales forecasting
- Work with suppliers/subcontractors to negotiate part pricing and lead times
- Responsible for sourcing year over year savings
- Align materials purchasing and availability with factory production schedule. (MRP)
- Create Purchase Order requests and communicate with Finance/Accounting to execute
- Communicate as needed with suppliers and factory personnel to maintain schedule
- Communicate with management on schedule planning and status.
- Track Raw Material part life cycle status and provide Engineering with EOL/Change status of parts.

### Required Qualifications:

- BS or MS degree plus 10 + years electronics factory operations management
- Purchasing/materials management experience in a manufacturing environment
- Prior experience with MRP systems creating work orders and purchasing components
- Ability to follow detailed procedures
- Proficient in MS Excel/Word/Powerpoint
- Strong interpersonal and communication skills
- Excellent organization and administrative skills
- Good analytical and problem-solving skills

### Desirable Expertise:

- CPP , CPPM or equivalent certification.
- Familiarity with electronic and electromechanical parts assembly
- Familiarity with Odoo Factory management software
- Ability to thrive in a fast-paced, small company environment

### Location

Random Lake, Wisconsin and remote. For remote options, periodic travel to factory is required.
